

Craft wise Estimated Marine Fish Production of Tamil Nadu (2016- 2017)

Tamil Nadu with its 1076 km of coastline, 1.90 lakh sq.km of Exclusive Economic Zone (EEZ) and a continental shelf of about 41,412 sq.km is one of the leading producers of both marine and inland fish and fish products. At present 6,728 mechanised boats and 56,792 traditional crafts (24,160 Vallams and 32,632 catamarans) are engaged in the marine fishing. The marine fish potential in Tamil Nadu is estimated at 7.00 lakh metric tonnes (L.MT.). There are 591 marine fishing villages and 363 marine fish landing centres in the State, with a population of 9.15 lakh fishermen of which, 2.60 lakh are actively engaged in fishing. There are three major fishing harbours and three medium fishing harbours. Apart from these harbours, other infrastructure facilities like jetties, fish landing centers, cold storage, ice plants and link roads have also been created in the State.

S.No	District	Mechanised (Quantity in tonnes)	Non Mechanised- Motorised (Quantity in tonnes)	Non Mechanised- Non Motorised (Quantity in tonnes)	Non Mechanised- Shoreseine Crafts (Quantity in tonnes)	District Total (Quantity in tonnes)
1	Chennai	12200	9968.47	6773.53	0	28942
