

Export of Fish and Fish Products of Tamil Nadu (2008 - 2017)

Tamil Nadu, with its inland and marine potential resources, has a vast scope to harvest more catches, in the coming years. From the analysis of fisheries at the world level, India and Tamil Nadu, it is understood that fishery sector is a sunrise sector in the world as it provides livelihood to millions of people living in coastal areas and helps in national food security. More than 50 different types of fish and shellfish products are being exported to 75 countries around the world. Fish and fish products have presently emerged as the largest group in agricultural exports from India, This account for around 10% of the total exports and contribute to about 0.91% of the GDP of the country. Paradigm shifts in terms of increasing contributions from inland sector and further from aquaculture have been significant over the years. With high growth rates, the different facets, viz., marine fisheries, coastal aquaculture, inland fisheries, freshwater aquaculture, and coldwater fisheries are contributing to the food basket, health, economy, exports, employment and tourism of the country.

S.No	Year	Quantity (Tonnes)	Value (Rs.in Lakhs)
1.	2008-09	68397	177220
2.	2009-10	73327	198207.47
3.	2010-11	86181	286019
4.	2011-12	80715	302873
5.	2012-13	86585	333178
6.	2013-14	96429	531629
7.	2014-15	93477	503817.86
8.	2015-16	85063	418406
9.	2016-17	88257	434178

Export of Fish and Fish Products of Tamil Nadu from 2008 to 2017
